Thank you for showing interest in attending the Narrow Lake Youth Conservation Camp. Please take a moment to read through this information. The youth conservation camps are held at Narrow Lake Conservation Center, which is located approximately 25 minutes southwest of Athabasca.

Due to the success and popularity of our youth camp we will be once again be offering two camps this summer. Both camps will offer the same courses and certifications. Please register for the one that fits with your schedule. The camp is open to both girls and boys ages 12-17 (due to Federal firearms regulations all participants must be 12 years of age by the end of the camp week).

Due to the high interest of the camp and limited space, a refund policy has been put into effect. If you are unable to come to camp, you can cancel with a full refund prior to May 31, 2018. If you cancel after May 31, 2018, \$250 refund will be given. If you cancel three weeks prior to the camp start date **no** refund will be given, a no show on the day of camp sign in, will also be given no refund. However, if a club has paid for your student, they can send someone else in the place of that student with no money lost. If the camp is full please email narrowlake@outlook.com and ask to go on the waiting list. If someone drops out you will be notified depending on your priority level.

Official acceptance letters will be mailed out beginning of May. This will include which week and which level the camper is enrolled in, as well as drop off & pick up times. Also, a recommended packing list and directions. Camp is usually full end of April so get your forms in as soon as you can. No news is good news, just look for the information package in the mail.

Meals from Sunday dinner to Saturday BBQ are all included in the registration fee. Our chef is a culinary instructor at N.A.I.T. Our chef is able to accommodate for any food allergies as long as it is made aware of on the registration form. There is plenty of food available for all, when seconds are called don't be shy, go get more till you are full!

This is an Outdoor camp, majority of their time is spent outdoors, including experiencing sleeping in a tent. These are outfitter tents, so a small camp cot is suggested, however due to space, only a small camp cot is possible. For the last night of camp the campers get to experience the outdoors and get to sleep in a lean-to that they build. It makes for a fun and eventful experience.

The cost for the week is \$500 per participant. This fee includes all lodging, meals Sunday dinner till Saturday BBQ. Also includes all instruction, course books, course fee's and testing for the various certifications. All participants are to take these courses serious as it is not a guarantee that they will pass their tests.

For insurance purposes, you need to be a member of the Alberta Fish and Game association. If you are not please email or call myself and we can find a club in your local area.

What will be my kitchen helper duties?

- To work collaboratively as a team member.
- To provide assistance where ever and when ever assistance is needed.
- To take direction from instructors, camp chef, managers and director.
- Assist with the maintenance of equipment, facility and materials if required.

What if I have no experience:

- This is not a problem, you will be trained, or only get involved as you feel comfortable.

What will be the cost?

- There is no cost to volunteers. We supply accommodations, and meals.
